Re: Regulation Best Interest (“Reg BI”) Disclosure Letter:

This letter is designed to provide you with additional information and disclosures in compliance with Reg BI and the Firm’s Customer Relationship Summary (Form “CRS”) which was provided to you.

About the Firm:

Great Pine Investments LLC (“Great Pine Investments” or the “Firm”) offers securities through Snowball Capital LLC, a FINRA registered Broker Dealer approved to sell securities, including private placements and acting as an underwriter on a best efforts basis.

Compensation/Fees

The Firm is paid a commission or fee, or in some cases more than one fee, by its client the issuer, to sell you securities of the issuer. This private placement of securities creates a conflict in that the Firm and its Representatives are compensated to offer these securities to you. Notwithstanding this, the Firm reviews each particular securities offering and would only make a recommendation to purchase these securities if through its investigation, the Firm determined that these securities are suitable for you and are in your best interest based on a number of factors you may have provided to us, such as the following:

- Investment objectives and experience
- Other investments, such as historical transactions
- Tax status
- Investment time horizon
- Risk tolerance
- AUM

All of the material information relating to the proposed securities offering will be explained to you including:

- The issuers objectives
- The business description of the issuer
- The liquidity and volatility of the securities
- The risk of losing your entire investment
- Anticipated performance or description of the securities
